

## VRNA Half Classroom Set Initial Set Up: \$22,500

### Initial Set Up Includes:

- 5 VR headsets, pre-loaded with VRNA software
- 5 seat (meaning up to 5 people can access the software at one time), 2-year unlimited user (unlimited user accounts can be created) license to VRNA software
- 2-year, unlimited user access (unlimited user accounts can be created) to Performance Portal™
- 2-years complimentary tech support

### Renewal & Upgrades: Biennial Subscription (\$4500)

- 2-year continued unlimited user license renewal to VRNA
- 2-year continued unlimited user access to Performance Portal
- 2-year continued complimentary tech support
- 2-year eligibility for software updates, available on release

### Software Updates

- VRNA is updated regularly to make it even better for customers to enjoy the immersive experience.
- Updates are available to VRNA customers during their active license period.
- Updates are sent to each headset without requiring user interference. Updates will download and install automatically, as long as the headset is powered on and connected to Wi-Fi.
- Updates may include, but are not limited to: bug fixes, usability enhancements, and performance improvements.
- Updates do not include extensions of features and/or capabilities (e.g. additional modules, environments, processes) or new hardware components.

Prices are exclusive of additional packaging, shipping, tariffs, duties or taxes.
